

# Lakeview Park Rose Garden Donation

The Rose Garden at Lakeview Park opened in May 1932 and was sponsored by several community organizations, including the Lorain Rotary. The shape of the garden, a wheel with eight spokes, is the Rotary Club emblem. In 2005, the garden was renovated to restore the historical grandeur and beauty while including updates to accommodate accessibility needs.

The Lorain County Metro Parks offers the opportunity to donate funds to the Lakeview Park Rose Garden in honor/memory of a loved one, or to celebrate or commemorate an event or organization. Donations go towards the continual maintenance and upkeep of this breathtaking garden.

A donation of \$100 or more entitles the donor or honoree to be listed on a plaque on the garden's east side. Please note additions/updates to this plaque are completed every 3-5 years.
